

A young child with dark hair and eyes, wearing a light blue shirt, is the central focus, looking directly at the camera. In the background, a woman wearing a red and green patterned sari and a white face mask is visible, along with a man in a yellow shirt and a blue cap. The background is a solid red color.

**We light up the World
to eradicate polio!**

**WORLD POLIO DAY
24.OKTOBER**

Support the fight against polio!

World polio day
24. oktober

Help us End Polio
Now!

What do we know about polio?

- Twice as contagious as Covid
- Incubation time: 6 - 20 days
- Symptoms: like the flu
- Waterborne: contaminated drinking water, sneezing etc.
- 1 in 1000 is paralyzed
- Originally 3 types of virus: 2 are eradicated.

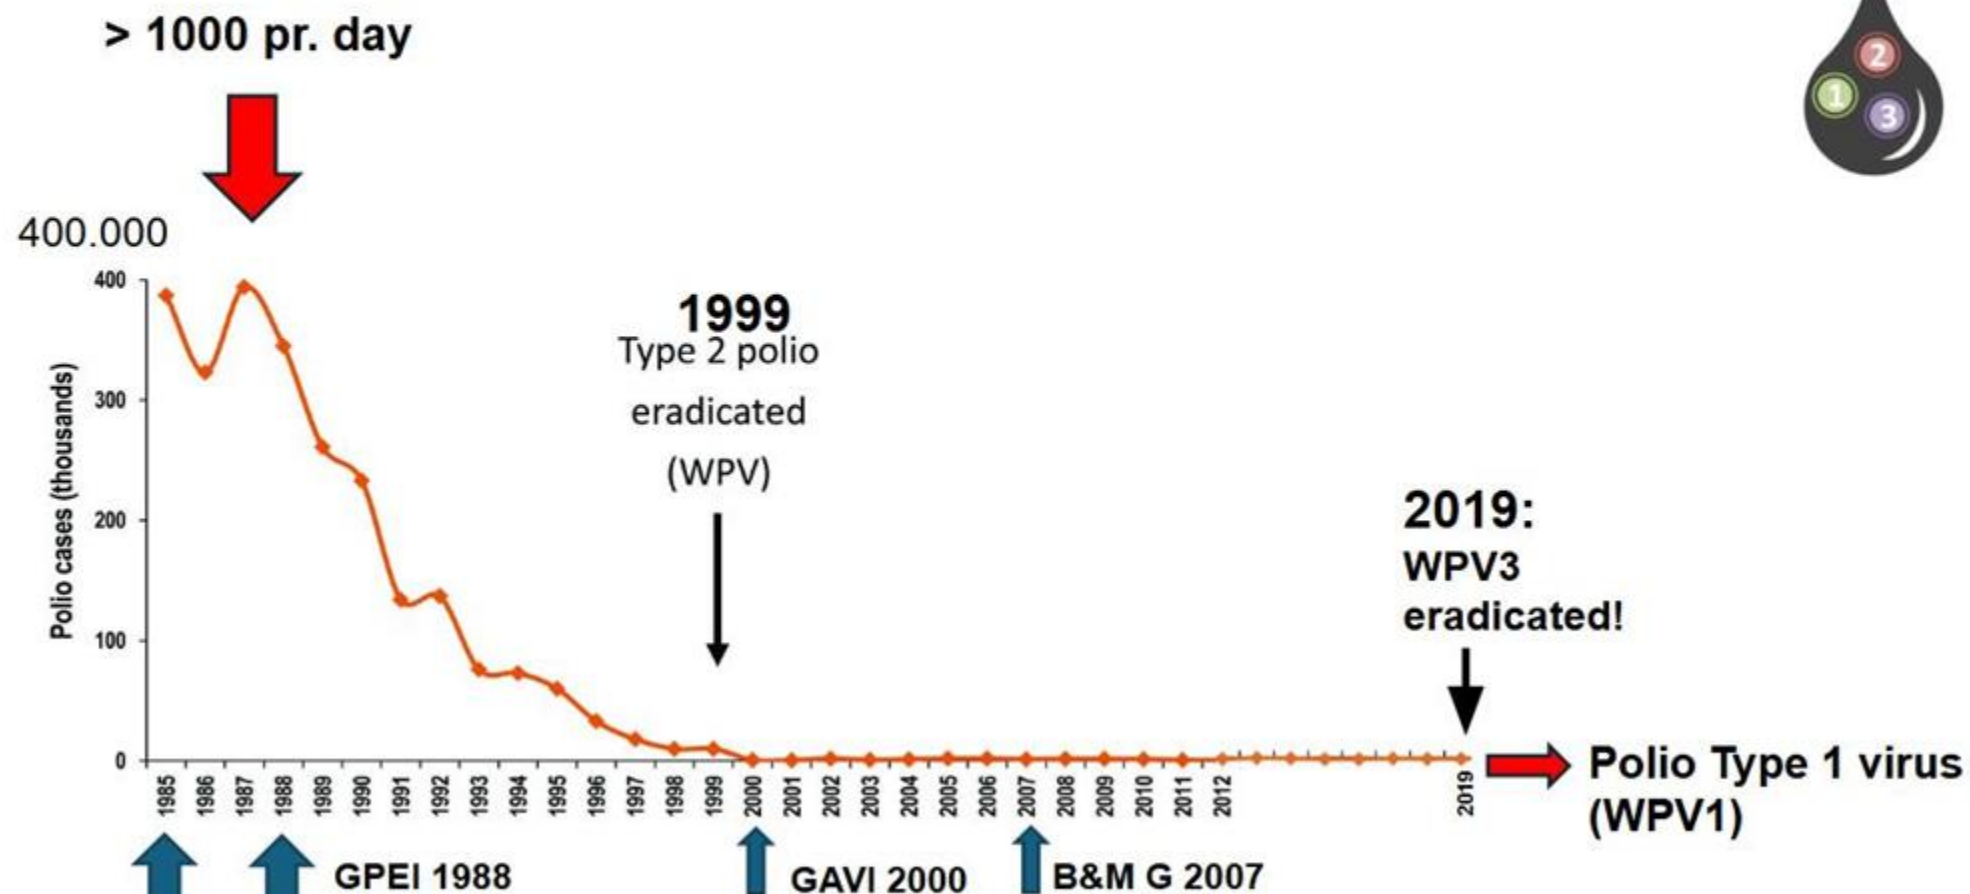

1988

70 YEARS OF POLIO VACCINE

Rotary Polio
pluss 1985

Poliovaccines

- **Jonas Salk** (1914-1995)
- Created the injection vaccine **(IPV)** in 1953
- 99% protective antibodies antistoff after 3 doses.
- „Dead“ virus – cannot mutate

IPV protects individuals

- **Albert Sabin** (1906-1993)
- Created oral vaccine from weakened virus **(OPV)**
- Tjekkoslovakia eradicated polio in the 1960's using OPV
- **Weakened virus can mutate**

OPV stops infection by creating resistance in the intestine:
Designed for eradicating polio

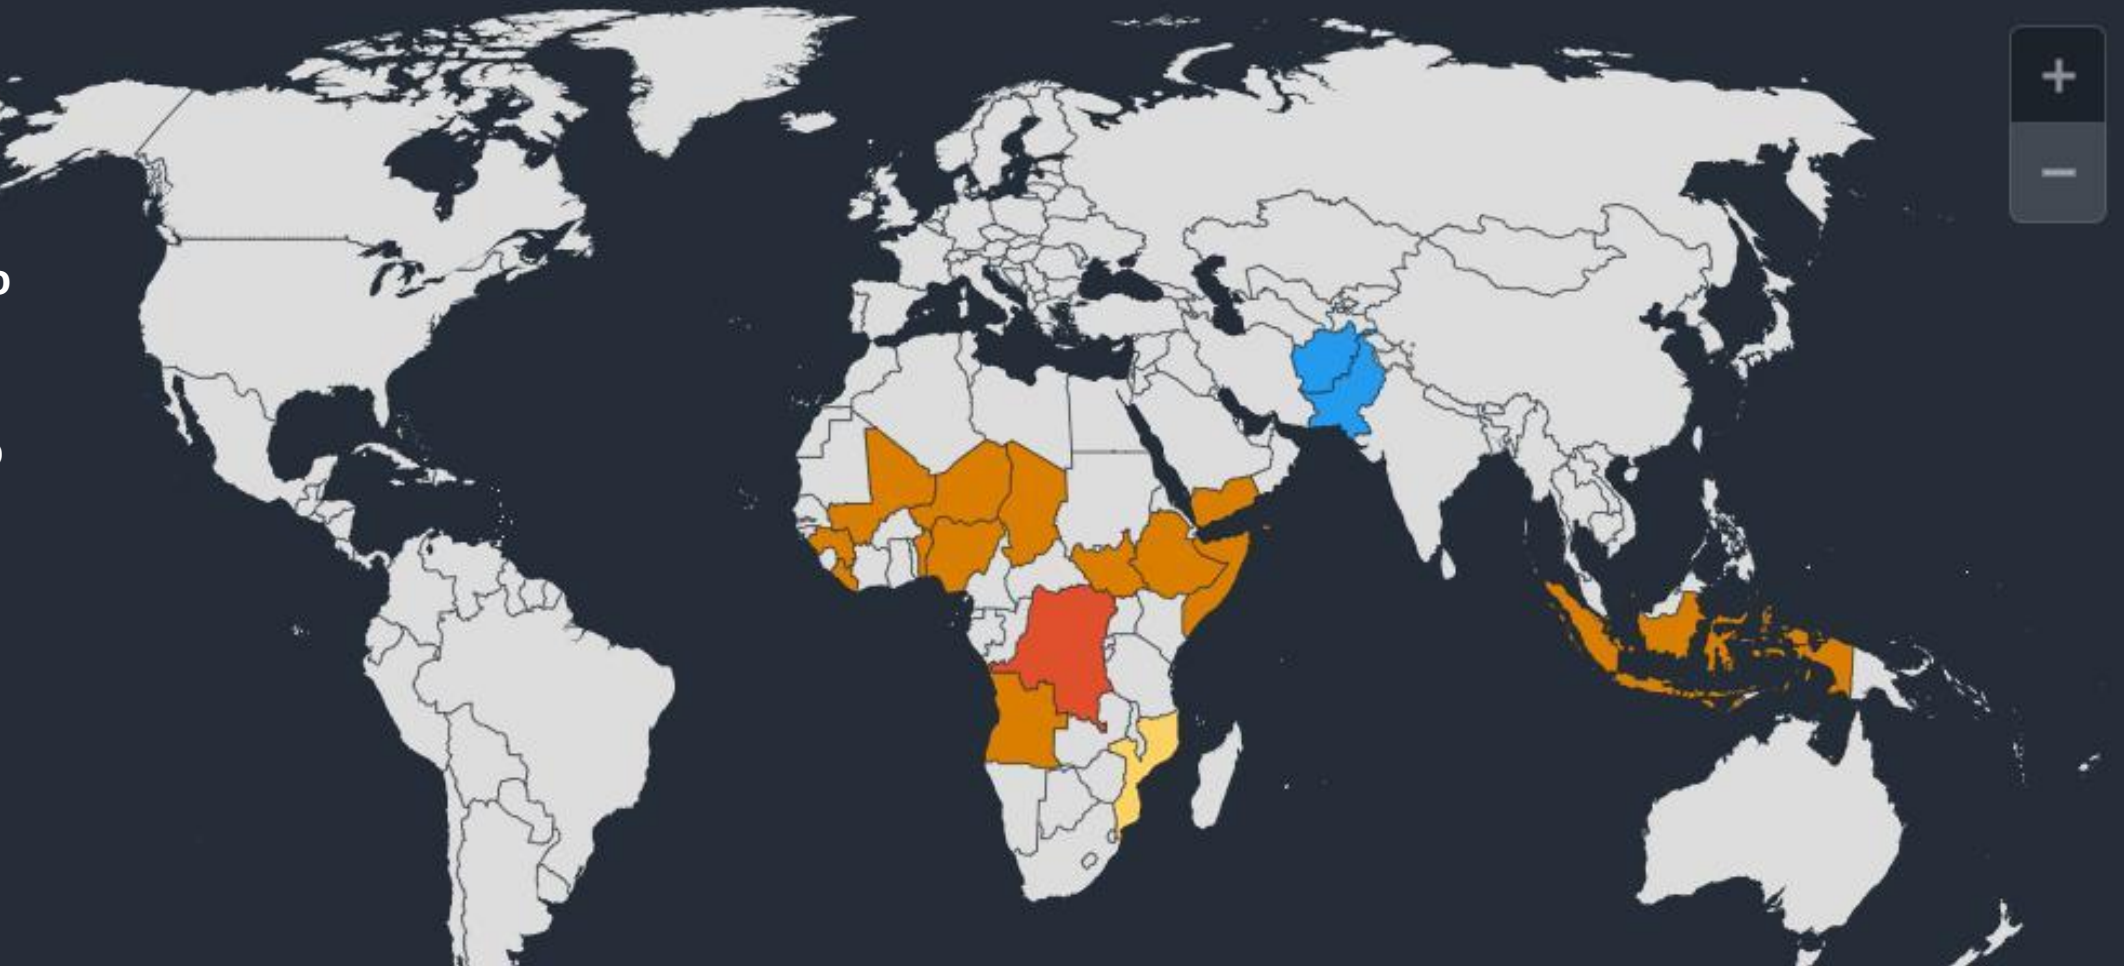

Where do we find polio in 2025?

Types of polio cases

WPV1 cVDPV1 cVDPV1 and cVDPV2PV2 cVDPV2

Blue: wild polio

Rest: vaccine
derivated polio

HOW THE WORLD IS STILL VULNERABLE TO POLIO

1 year olds
vaccinated

Over 95% of all 1-year olds must be vaccinated to prevent new polio outbreaks
114 of 160 countries has not reached this goal (WHO)

Data from the World Health Organization
year-olds. UK health chiefs yesterday r
time i

Case point: Gaza: polio 1 year after invasion

ISRAEL'S WAR ON GAZA

Gaza's first confirmed polio case

Ten-month-old Abdel-Rahman Abu el-Jedian is the first confirmed case of polio in the Gaza Strip in 25 years.

Displaced Palestinian Abdel-Rahman Abu el-Jedian, who suffers from polio, sleeps at a makeshift tent camp in Deir el-Balah, central Gaza Strip, August 27, 2024 [Abdel Kareem Hana/AP Photo]

UN vaccine rollout plan

640,000 children under the age of 10 need to be vaccinated

1.26 million doses have been delivered to Gaza

Children require **two doses**, four weeks apart

2,700 health workers will help administer the vaccines

99 percent was Gaza's vaccination rate against polio before the war

**END

NOW**

Update your poliovaccine!

Suggestion:
Clubs can arrange
revaccination on
polio day

Does Rotary's work matter?

- **3 billion** children vaccinated
- **1,5 million** children survived
- **20 million** children saved from paralysis

Why is UN day the polio day?

- Rotary helped start the UN
- The only organization with a seat in the UN
- 1985: Rotary + UN (World Health Organization (WHO) + UNICEF) started End Polio Now

Verderen Poliodag

Polio

Rotary's top humanitarian priority is to eradicate polio.

If vaccination campaigns stop, polio could paralyze up to 200,000 children each year.

Ways to take Action

Organize an event:

Light up the World on polio day!

Participate in a polio walk

Other ideas

Every district should have a
PolioPlus subcommittee!

If yours doesn't have it yet, establish it!

DONATE: With the Gates Foundation's 2:1 match, your donation is tripled.

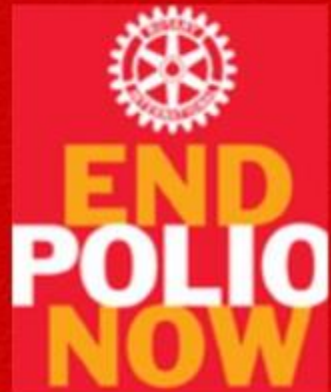

Districts should also aim to donate **20%** of their District Designated Fund (DDF) to the PolioPlus fund annually.
