Global Grant Application

GRANT NUMBER	STATUS
GG2694164	Draft

Basic Information

Grant title
REHA Ukraine II

Type of Project
Humanitarian Project
Address community needs and produce sustainable, measurable outcomes

Primary Contacts

Name	Club	District	Sponsor	Role
Pia Widén	Mariehamn	1410	Rotary Club	International
Natallia Pavlikha	Lutsk Volyn Pride	2232	Rotary Club	Host

Committee Members

Host committee

Name	Club	District	Role
Olha Korneliuk	Lutsk Volyn Pride [Rotary Club]	2232	Secondary Contact
Viktor Pavlikha	Lutsk Volyn Pride [Rotary Club]	2232	Secondary Contact
Maksym Voichuk	Lutsk Volyn Pride [Rotary Club]	2232	Secondary Contact

International committee

Name	Club	District	Role
Fanny Johansson	Mariehamn [Rotary Club]	1410	Secondary Contact International
Christian Jansson	Mariehamn [Rotary Club]	1410	Secondary Contact International

Do any of these committee members have potential conflicts of interest?
A conflict of interest occurs when someone is in a position to make or influence a decision about a grant or award that could benefit them, their family, their business, or an entity in which they serve in a paid or voluntary leadership or advisory position.

For each Rotary member who serves on the grant committee, list all relationships that the member has with any scholarship recipients, cooperating organizations, project vendors, or other individuals or organizations that will benefit from the grant.
None.

Next, list all relationships that district officers and other members of the sponsor clubs or districts (other than the members of the grant committee) have with any award recipients, cooperating organizations, project vendors, or other individuals or organizations that would benefit from the grant.
None.

Project Overview

Tell us a little about your project. What are the main objectives of the project, and who will benefit from it?

REHA Ukraine is a medical rehabilitation project designed to strengthen rehabilitation services in Lutsk, Ukraine, within the Disease Prevention and Treatment area of focus.

The project addresses the increasing number of civilians and veterans experiencing neurological and musculoskeletal impairments resulting from war-related injuries. Local rehabilitation facilities face equipment shortages and capacity limitations that reduce treatment efficiency and delay patient recovery.
The project will provide clinically appropriate rehabilitation equipment and structured professional support to improve access to quality physical rehabilitation services. Equipment will be integrated into existing medical facilities and used within established treatment protocols. When possible, the equipment is bought from local producers in Ukraine.

In addition to equipment provision, the project includes professional training for local Ukrainian medical staff and the introduction of basic clinical monitoring tools to track patient recovery outcomes. This approach ensures measurable impact and supports continuous quality improvement.

The project operates under a formal Memorandum of Understanding between Mariehamns Rotaryklubb (International Partner), Lutsk Volyn Pride Rotary Club (Host Sponsor), the Municipal Rehabilitation Center, and Communal Institution HUB VETERAN. Each partner has clearly defined roles related to fundraising and -management, implementation, medical service delivery, and community coordination.

The project strengthens existing healthcare structures rather than creating new parallel systems. Equipment will

remain in the cooperating medical institution in Ukraine, and trained staff will continue delivering services after the grant period. Maintenance and servicing will be supported by local vendors to ensure long-term operability.

REHA Ukraine contributes to improved access to rehabilitation care in Ukraine and strengthens institutional capacity in a sustainable and accountable manner.

As the project spanns over several years we have decided to divide it into three parts - and thus 3 Global Grant applications - of which this is the second - REHA II. We attach material of the whole project so as for you to see the totality clearly.

Areas of Focus

Which area of focus will this project support?
Disease prevention and treatment

Measuring Success

Disease prevention and treatment

Which goals of this area of focus will your project support?
Improving the capacity of local health care professionals; Strengthening health care systems; Providing clinical treatment and rehabilitation for physical disabilities;

How will you measure your project's impact? Find tips and information on how to measure results in the Global Grant Monitoring and Evaluation Plan Supplement. **You need to include at least one standardized measure from the drop-down menu as part of your application.**

Measure	Collection Method	Frequency	Beneficiaries
Number of medical and health professionals trained	Surveys/questionnaires	Every six months	1-19
Number of health facilities benefiting	Surveys/questionnaires	Every year	1-19
Number of communities reporting an increase in access to local health facilities	Surveys/questionnaires	Every year	1-19
At least 2,000 patients per year receiving rehabilitation servicies supported by the newly installed equipment (minimum 6,000 patients over 3 years).	Surveys/questionnaires	Every four months	2500+
Up to 1,000 veterans annually supported through coordinated referral and engagement via HUB VETERAN.	Surveys/questionnaires	Every four months	1000-2499
100% of purchased rehabilitation equipment units installed and in active clinical use within 3 months of delivery.	Surveys/questionnaires	Every year	1-19
Minimum 20% average improvement in motor function indicators (e.g., Box and Block Test or equivalent clinical tools) among the above mentioned patients completing structured therapy cycles.	Surveys/questionnaires	Every six months	2500+
Making sure through servicing the operational functionality of equipment.	Surveys/questionnaires	Every three months	1-19

Do you know who will collect information for monitoring and evaluation?
Yes

Name of Individual or Organization
Municipal Rehabilitation Center and HUB VETERAN, documented by Lutsk Volyn Pride Rotary Club
Briefly explain why this person or organization is qualified for this task.
Data collection will be conducted by the Municipal Rehabilitation Center and documented by Lutsk Volyn Pride Rotary Club. HUB VETERAN will support beneficiary coordination and referral tracking. Oversight will be provided by the International Sponsor to ensure compliance with Rotary Foundation standards.

Location and Dates

Humanitarian Project

Where will your project take place?

City or town
Lutsk

Province or state
Ukraine

Country
Ukraine

When will your project take place?
2027-01-01 to 2027-12-31

Participants

Cooperating Organizations (Optional)

Name	Website	Location
1410		

Supporting Documents

Do any committee members have a potential conflict of interest related to a cooperating organization?
No

Why did you choose to partner with this organization and what will its role be?
Municipal Enterprise Medical Center for the Rehabilitation of Combatants of the Lutsk City Territorial Community (ME MCFROPAH LCTC) (Ukraine) – "Cooperating Organization"

This organization was chosen based on the demonstrated professional competence, trust, and proven humanitarian commitment of its two leading physicians, Dr. Oleksandr and Dr. Natalia Solobchuk. They have maintained contact with Rotary since 2022 and have provided ongoing updates on rehabilitation needs in Ukraine.
The cooperating organization will:
Identify patients in need of rehabilitation.
Prioritize and request specific types of equipment.
Operate and maintain the equipment.
Collect and report usage data and clinical outcomes.
Coordinate with Lutsk Volyn Pride Rotary Club and other local actors for follow-up.

Partners (Optional)

List any other partners that will participate in this project.
The districts 1410, 2405, Nagu Rotary Club and Godby Rotary Club, Kluuvi-Gloet Rotary Club.

Rotarian Participants

Describe the roles and responsibilities that the host and international sponsors will have in

this project. Please be specific. Which sponsor will receive and manage the grant funds?

Lutsk Volyn Pride Rotary Club will oversee overall coordination, monitoring, and reporting. Mariehamns Rotaryklubb will ensure financial accountability and compliance with Rotary Foundation standards.

Mariehamns Rotaryklubb will receive and manage the grant funds. A separate project account with two authorized signatories will be used. All payments to suppliers and related disbursements will be traceable and properly documented. Funds will not be handled by any individual or transferred to any non-Rotary entity without prior approval.

Describe how the partnership between the host and international sponsors was formed. What agreement have the sponsors made toward ensuring that the project will be implemented successfully? How will they manage any challenges that arise throughout the project?

The partnership emerged from established personal and professional relationships between Mariehamns Rotaryklubb and Ukrainian medical practitioners based in Lutsk, introduced through humanitarian exchange visits in 2022–2023. Lutsk Volyn Pride Rotary Club was identified as a committed local partner able to coordinate activities on-site and ensure local relevance and sustainability.

The two Rotary clubs have held virtual planning meetings and agreed upon a joint implementation and reporting schedule. Roles are clearly divided: the host club manages on-the-ground execution, while the international sponsor manages financial, administrative, and external communications responsibilities. Any arising challenges (e.g., delays in equipment delivery, security-related disruptions) will be addressed jointly through regular contact between the committees. A contingency reserve and flexible procurement plan are in place. Coordination will be maintained through scheduled online check-ins every six weeks and ad-hoc calls if urgent issues arise.

Budget

What local currency are you using in your project's budget?

The currency you select should be what you use for a majority of the project's expenses.

Local Currency	U.S. dollar (USD) exchange rate	Currency Set On
EUR	0.84	05/04/2026

What is the budget for this grant?

List each item in your project's budget. Remember that the project's total budget must equal its total funding, which will be calculated in step 9. Project budgets, including the World Fund match, must be at least 30,000 USD.

#	Category	Description	Supplier	Cost in EUR	Cost in USD
1	Equipment	Rehabilitation Center Equipment	Local vendor	50863	60551
2	Operations	Specialist Servicies Rehabilitation hours	Rehabiiltation Center	60000	71429
			Total budget:	110863	131980

Funding

Tell us about the funding you've secured for your project. We'll use the information you enter here to calculate your maximum possible funding match from the World Fund.

#	Source	Details	Amount (USD)	Support*	Total
1	Cash from Club	Kluuvi-Gloet [Rotary Club]	1,190.00	59.50	1,249.50
2	District Designated Fund (DDF)	2405	2,500.00	0.00	2,500.00
3	Non-Rotarian contributions with NO match from TRF	Timo Merikallio	524.00	26.20	550.20
4	Non-Rotarian contributions with NO match from TRF	Sakari Alaranta	1,049.00	52.45	1,101.45
5	District Designated Fund (DDF)	1410	6,000.00	0.00	6,000.00
6	Cash from Club	Närpes [Rotary Club]	1,319.00	65.95	1,384.95
7	Cash from Club	Mariehamn [Rotary Club]	25,000.00	1,250.00	26,250.00

*Whenever cash is contributed to the Foundation to help fund a global grant project, an additional 5 percent

is applied to help cover the cost of processing these funds. Clubs and districts can receive Paul Harris Fellow recognition points for the additional expense.

How much World Fund money would you like to use on this project?

You may request up to 6,800.00 USD from the World Fund. 6800

Funding Summary

DDF contributions:	8,500.00
Cash contributions:	27,509.00
Financing subtotal (matched contributions + World Fund):	42,809.00
Non-Rotarian contributions with NO match from TRF:	1,573.00
Total funding:	44,382.00
Total budget:	131,980.00

Sustainability

Humanitarian Projects

Project planning

Describe the community needs that your project will address.

The need for rehabilitation support was identified through structured cooperation with Ukrainian physicians and verified through direct dialogue and site-based assessment. The project is designed not as short-term assistance, but as long-term strengthening of local rehabilitation capacity within existing healthcare structures.

REHA Ukraine emphasizes local procurement, professional training, measurable clinical monitoring, and institutional ownership. By integrating equipment into established medical facilities rather than creating parallel systems, the project ensures sustainability beyond the grant period.

Local medical staff will operate and maintain the equipment as part of routine clinical practice. Oversight and coordination will be provided by Lutsk Volyn Pride Rotary Club in cooperation with the Municipal Rehabilitation Center and HUB VETERAN. Ukrainian vendors will supply spare parts and servicing, ensuring long-term technical operability within the country.

Ongoing use will be supported through structured monitoring of equipment utilization, patient outcomes, and staff engagement. Community ownership and professional responsibility form the foundation of the sustainability model.

How did your project team identify these needs?

The needs were identified through long-term cooperation with Ukrainian rehabilitation physicians, including Dr. Oleksandr and Dr. Natalia Solobchuk. Their visits to Mariehamn in 2022–2023 enabled in-depth discussions regarding patient volume, equipment shortages, and service capacity limitations. These consultations were supported by ongoing communication with local medical teams.

Planned site visits in spring 2025 and March 2026 have further verified infrastructure readiness, confirmed logistical arrangements, and documented baseline service capacity. This ensures that the project responds to verified medical priorities rather than assumptions.

How were members of the benefiting community involved in finding solutions?

Local medical professionals played a central role in defining equipment specifications and training priorities. The selection of rehabilitation devices is based on daily clinical experience and practical treatment requirements. Physicians confirmed how each device will be integrated into treatment protocols. The decision to procure equipment locally or regionally ensures compatibility with existing systems and access to long-term

servicing. This approach strengthens local healthcare capacity rather than creating dependency.

How were community members involved in planning the project?

Dr. Oleksandr and Dr. Natalia are directly involved in prioritizing equipment purchases, defining training needs, and coordinating implementation within the medical facility. The attached purchase list is based on offers given by 3 local vendors.

The Municipal Rehabilitation Center will:

- Receive and operate the rehabilitation equipment
- Integrate devices into established treatment protocols
- Ensure training of medical staff
- Collect and document clinical outcome data

HUB VETERAN will:

- Receive part of the rehabilitation equipment and use it to support veterans
- Support beneficiary identification and coordination
- Facilitate patient referrals
- Maintain community-level engagement and follow-up

Lutsk Volyn Pride Rotary Club will oversee overall coordination, monitoring, and reporting. Mariehamns Rotaryklubb will ensure financial accountability and compliance with Rotary Foundation standards.

Project implementation

Summarize each step of your project's implementation.

Do not include sensitive personal data, such as government ID numbers, religion, race, health information, etc. If you include personal data, you are responsible for informing those whose personal data is included that you are providing it to Rotary and that it will be processed in accordance with Rotary's Privacy Policy.

#	Activity	Duration

Will you work in coordination with any related initiatives in the community?

Yes

Briefly describe the other initiatives and how they relate to this project.

Other related initiatives include existing rehabilitation services delivered by the Municipal Medical Center for the Rehabilitation of Combatants, as well as community-level support and referral activities coordinated by HUB VETERAN. These initiatives currently provide medical rehabilitation, social support, and coordination of care for veterans and civilians with trauma-related injuries.

The REHA Ukraine project is designed to strengthen and expand these ongoing efforts by integrating additional rehabilitation equipment, professional training, and structured clinical monitoring into existing service delivery models. Rather than creating parallel programs, the project increases the effectiveness, quality, and capacity of current initiatives while improving coordination between medical and community-based support structures. This alignment ensures continuity of care, efficient use of resources, and long-term sustainability within the local healthcare system. This coordinated approach allows the project to serve as a scalable model that can be replicated in other municipalities facing similar rehabilitation capacity challenges.

Please describe the training, community outreach, or educational programs this project will include.

The project includes structured professional training, international knowledge exchange, and community-oriented rehabilitation education activities designed to strengthen long-term rehabilitation capacity in Lutsk. Medical professionals from the Municipal Rehabilitation Center and HUB VETERAN will receive practical training in the clinical use of rehabilitation equipment, standardized therapy protocols, and outcome

monitoring methods. Training will combine on-site instruction, online mentoring, and international learning exchange with rehabilitation specialists from Finland and Sweden to ensure transfer of evidence-based practices.

Community outreach activities will be implemented through HUB VETERAN to increase awareness of rehabilitation services, support beneficiary identification, and improve referral pathways between medical providers and community-based support structures.

By combining professional education with community engagement, the project ensures effective equipment utilization, improves continuity of care, and builds sustainable institutional capacity within the local healthcare system.

How were these needs identified?

The needs addressed by this project were identified through a structured, evidence-based community assessment process involving medical professionals, local institutions, community representatives, and Rotary partners.

Needs identification began with continuous clinical input from rehabilitation specialists Dr. Oleksandr and Dr. Natalia Solobchuk, who work directly with patients experiencing neurological and musculoskeletal impairments. Their clinical observations and service data demonstrated increasing patient volumes, limited rehabilitation capacity, and significant gaps in access to modern rehabilitation equipment and structured therapy protocols.

These findings were further validated through joint planning discussions between Lutsk Volyn Pride Rotary Club and Mariehamns Rotaryklubb, including professional consultations and comparative review of international rehabilitation practices. This process helped define realistic intervention priorities aligned with Rotary's Disease Prevention and Treatment area of focus.

Additional institutional assessment was conducted in cooperation with the Municipal Medical Center for the Rehabilitation of Combatants and HUB VETERAN, where local teams provided operational information on patient flow, existing equipment limitations, staffing capacity, and referral pathways. The equipment list and training needs were developed directly by local professionals based on daily clinical practice and verified service gaps.

The assessment process also included ongoing dialogue with community stakeholders to ensure that proposed interventions respond to actual community demand and integrate into existing rehabilitation services rather than creating parallel structures. This participatory and data-informed approach ensures that the project is relevant, feasible, and sustainable within the local healthcare system.

What incentives (for example, monetary compensation, awards, certification, or publicity), will you use, if any, to encourage community members to participate in the project?

No direct financial incentives will be provided to encourage participation.

Participation is supported through non-monetary incentives that align with Rotary Foundation principles, including access to improved rehabilitation services, professional capacity development, and involvement in internationally supported healthcare improvement initiatives. Medical professionals will benefit from structured training, international knowledge exchange, and opportunities to strengthen evidence-based rehabilitation practices, which serve as strong professional motivators.

Community members and beneficiaries are encouraged to participate through improved access to rehabilitation services, coordinated referral pathways, and active engagement facilitated by HUB VETERAN and local medical institutions. Public visibility of project outcomes, community communication activities, and shared success stories will further support awareness and long-term engagement.

Community participation is driven by shared ownership of the project and the direct improvement of local rehabilitation services that will remain available to the community beyond the grant period.

List any community members or community groups that will oversee the continuation of the project after grant-funded activities conclude.

Continuation of the project after the grant-funded period will be overseen by the following local stakeholders:

• Municipal Enterprise Medical Center for the Rehabilitation of Combatants of the Lutsk City Territorial Community - responsible for the continued operation, maintenance, and integration of rehabilitation equipment into routine clinical services.

• Communal Institution HUB VETERAN - responsible for community-level coordination, beneficiary referrals, and ongoing use of rehabilitation equipment within veteran support programs.

• Lutsk Volyn Pride Rotary Club - responsible for long-term coordination, monitoring, community engagement, and support of follow-up reporting and sustainability activities.

These stakeholders are formal partners within the project governance structure established through the Memorandum of Understanding (MoU), ensuring local ownership, institutional accountability, and continuity of services beyond the grant period.

Budget

Will you purchase budget items from local vendors?

Yes

Explain the process you used to select vendors.

Vendors were selected through a structured and transparent comparison process based on technical suitability, cost efficiency, service availability, and compliance with medical standards.

The project team worked closely with local medical professionals to define technical specifications and functional requirements for each equipment category. Multiple price quotations were obtained where possible, and suppliers were compared based on product quality, clinical appropriateness, warranty conditions, delivery timelines, and availability of local servicing and spare parts.

Priority was given to Ukrainian vendors when equipment met required medical standards, supporting faster logistics, easier maintenance, and long-term sustainability. For specialized equipment not available locally, international suppliers were considered using the same criteria and in accordance with Rotary Foundation procurement guidelines.

All vendor selections were reviewed jointly by the project partners to ensure transparency, accountability, and alignment with project objectives.

Did you use competitive bidding to select vendors?

Yes

Please provide an operations and maintenance plan for the equipment or materials you anticipate purchasing for this project. This plan should include who will operate and maintain the equipment and how they will be trained.

All equipment procured through the REHA Ukraine project will be installed and operated within the Municipal Enterprise Medical Center for the Rehabilitation of Combatants of the Lutsk City Territorial Community and HUB VETERAN in Lutsk. The equipment includes rehabilitation devices and mobility systems selected based on clinically defined rehabilitation needs and verified technical specifications.

Equipment will be integrated into structured, evidence-based rehabilitation protocols and used as part of

routine clinical practice. Daily operation will be performed by trained rehabilitation professionals, including physiotherapists, occupational therapists, and rehabilitation specialists. Initial and follow-up training sessions will ensure standardized and safe use of equipment and support consistent treatment quality across participating facilities.

Specialist rehabilitation services will support effective utilization of equipment through structured therapy hours, multidisciplinary rehabilitation interventions, and coordinated patient support activities. Equipment usage will be recorded through standardized logs to ensure accountability and optimal capacity utilization. Preventive and corrective maintenance will be carried out according to manufacturer recommendations. Local Ukrainian vendors and authorized service providers will ensure access to spare parts, technical servicing, and warranty support, reducing operational downtime and supporting long-term sustainability. Each facility will maintain maintenance logs and assign responsible personnel for equipment oversight.
A lifecycle management approach will be applied, including regular technical checks, monitoring of utilization rates, and early identification of servicing needs to extend equipment lifespan and maintain clinical effectiveness. Operational oversight will be provided by Lutsk Volyn Pride Rotary Club in cooperation with the cooperating organizations, within the governance framework defined by the Memorandum of Understanding (MoU). Monitoring will include periodic review of equipment condition, utilization indicators, and service delivery outcomes.

Potential operational risks (e.g., equipment downtime, supply delays, or staffing changes) will be managed through local service contracts, diversified supplier options, and cross-trained staff capable of maintaining service continuity. Ownership of all equipment will remain with the local institutions. After the grant period, equipment will continue to be used within routine rehabilitation services, supported by trained personnel, local maintenance capacity, and institutional commitment. This ensures long-term continuation of rehabilitation services and sustained community benefit beyond grant-funded activities.

Describe how community members will maintain the equipment after grant-funded activities conclude. Will replacement parts be available?

The equipment will be operated by qualified rehabilitation professionals within the Municipal Enterprise Medical Center for the Rehabilitation of Combatants and HUB VETERAN in Lutsk. Daily use will be integrated into structured rehabilitation programs and supervised by trained medical staff, including physiotherapists and rehabilitation specialists.

Training will be provided during the implementation phase through practical on-site instruction and follow-up support. Staff will be trained on safe operation, clinical application, basic troubleshooting, and routine maintenance procedures to ensure correct and consistent use of the equipment.

After grant-funded activities conclude, local medical personnel and designated technical staff within the participating institutions will remain responsible for operating and maintaining the equipment as part of routine healthcare services. Equipment maintenance schedules and usage logs will be maintained to ensure proper oversight and long-term functionality.

Replacement parts and technical servicing will be available through local Ukrainian vendors and authorized suppliers. Preference for locally available equipment and service providers ensures timely access to spare parts, reduced downtime, and sustainable long-term operation within the community.

If the grant will be used to purchase any equipment, will the equipment be culturally appropriate and conform to the community's technology standards?

Yes

Please explain.

All equipment purchased through the project will be culturally appropriate and fully compatible with the technological and clinical standards of the local healthcare system. Equipment selection is based on recommendations from local rehabilitation professionals and reflects current treatment practices used in Ukrainian medical facilities.

Priority is given to equipment that is already available or supported within Ukraine, ensuring compatibility

with existing infrastructure, power standards, and maintenance capacity. Where international equipment is selected, it will meet recognized medical certification standards and be adapted for use within local clinical environments.

This approach ensures safe operation, usability by local staff, and long-term sustainability within the community.

All equipment purchased through the project will be culturally appropriate and fully compatible with the technological and clinical standards of the local healthcare system. Equipment selection is based on recommendations from local rehabilitation professionals and reflects current treatment practices used in Ukrainian medical facilities.

Priority is given to equipment that is already available or supported within Ukraine, ensuring compatibility with existing infrastructure, power standards, and maintenance capacity. Where international equipment is selected, it will meet recognized medical certification standards and be adapted for use within local clinical environments.

This approach ensures safe operation, usability by local staff, and long-term sustainability within the community.

After the project is completed, who will own the items purchased by grant funds? No items may be owned by a Rotary district, club, or member.

All items purchased with grant funds will be owned by the local cooperating institutions.

The equipment will be transferred to and remain the property of the Municipal Enterprise Medical Center for the Rehabilitation of Combatants of the Lutsk City Territorial Community and the Communal Institution HUB VETERAN in Lutsk, Ukraine. These institutions will be responsible for the long-term operation, maintenance, and use of the equipment for rehabilitation services.

No equipment or materials purchased through the grant will be owned by any Rotary club, district, or individual Rotarian. Ownership arrangements will be documented within the project governance structure and reflected in the Memorandum of Understanding (MoU).

Funding

Does your project involve microcredit activities?

Have you found a local funding source to sustain project outcomes for the long term?

Yes

Please describe this funding source.

As both facilities - Municipal Enterprise Medical Center for the Rehabilitation of Combatants of the Lutsk City Territorial Community and the Communal Institution HUB VETERAN in Lutsk - are communal there is a long-term local commitment involved.

Will any part of the project generate income for ongoing project funding? If yes, please explain.

No

Authorizations

Authorizations & Legal Agreements

Legal agreement

Global Grant Agreement - to be authorized by the primary contacts and club presidents (or DRFC chairs if district-sponsored)

This Global Grant Agreement (Agreement) is entered into by The Rotary Foundation of Rotary International (TRF) and the grant sponsors (Sponsors). In consideration of receiving this Rotary Foundation Global Grant (Grant) from TRF, the Sponsors agree that:

1. All information contained in this application is, to the best of our knowledge, true and accurate.

2. We have read the Terms and Conditions for Rotary Foundation Global Grants (Terms and Conditions) and will adhere to all policies therein.

3. The Sponsors shall defend, indemnify, and hold harmless Rotary International (RI) and TRF, including their respective directors, trustees, officers, committee members, employees, agents, associate foundations and representatives (collectively Rotary), from and against all claims, including but not limited to claims of subrogation, demands, actions, damages, losses, costs, liabilities, expenses (including reasonable attorney's fees and other legal expenses), awards, judgments, and fines asserted against or recovered from Rotary arising out of any act, conduct, omission, negligence, misconduct, or unlawful act (or act contrary to any applicable governmental order or regulation) resulting directly or indirectly from a Sponsor's and/or participant's involvement in grant-funded activities, including all travel related to the grant.

4. The failure of the parties to comply with the terms of this Agreement due to an act of God, strike, government regulation, war, fire, riot, civil unrest, hurricane, earthquake, or other natural disasters, acts of public enemies, curtailment of transportation facilities, political upheavals, civil disorders, outbreak of infectious disease or illness, acts of terrorism, or any similar cause beyond the control of the parties shall not be deemed a breach of this Agreement. In such an event, the Agreement shall be deemed terminated and the Sponsors shall refund to TRF all unexpended global grant funds within 30 days of termination.

5. TRF's entire responsibility is expressly limited to payment of the total financing amount. TRF does not assume any further responsibility in connection with this grant.

6. TRF reserves the right to cancel the grant and/or this Agreement without notice upon the failure of either or both of the Sponsors to abide by the terms set forth in this Agreement and the Terms and Conditions. Upon cancellation, TRF shall be entitled to a refund from the Sponsors of any global grant funds, including any interest earned, that have not been expended.

7. The laws of the State of Illinois, USA, without reference to its conflicts of laws principles, shall govern all matters arising out of or relating to this Agreement, including, without limitation, its interpretation, construction, performance, and enforcement.

8. Any legal action brought by either party against the other party arising out of or relating to this Agreement must be brought in either, the Circuit Court of Cook County, State of Illinois, USA or the Federal District Court for the Northern District of Illinois, USA. Each party consents to the exclusive jurisdiction of these courts, and their respective appellate courts for the purpose of such actions. Nothing herein prohibits a party that obtains a judgment in either of the designated courts from enforcing the judgment in any other court. Notwithstanding the foregoing, TRF may also bring legal action against Sponsors and/or individuals traveling

on grant funds in any court with jurisdiction over them.

9. This Agreement binds and benefits the parties and their respective administrators, legal representatives, and permitted successors and assigns.

10. If any provision of this Agreement is determined to be illegal, invalid or unenforceable, the remaining provisions of this Agreement shall remain in full force and effect.

11. Sponsors may not assign any of their rights under this Agreement except with the prior written consent of TRF. Sponsors may not delegate any performance under this Agreement without the prior written consent of TRF. Any purported assignment of a Sponsor's rights or delegation of performance without TRF's prior written consent is void.

12. TRF may assign some or all of its rights under this Agreement to an associate foundation of TRF. TRF may delegate any performance under this Agreement to an associate foundation. Any other purported assignment of TRF's rights or delegation of performance without the Sponsors' prior written consent is void.

13. Sponsors will comply with all economic and trade sanctions, including those implemented by the Office of Foreign Assets Control (OFAC) of the United States Department of Treasury, and will ensure that they do not support or promote violence, terrorist activity or related training, or money laundering.

14. This Agreement constitutes the final agreement between the parties. No amendment or waiver of any provision of this Agreement shall be effective unless it is in the form of a writing signed by the parties.

15. Rotary may use information contained in this application and subsequent reports for promotional purposes, such as in Rotary magazine, in Rotary Leader, on rotary.org and on social media. For any and all photographs submitted with any application or follow-up report, the Sponsor hereby grants to Rotary an unlimited, perpetual, worldwide right and license to use, modify, adapt, publish, and distribute the photograph(s) in any media now known or hereafter devised, including but not limited to, in Rotary publications, advertisements, and Websites and on social media channels. The Sponsor represents and warrants that (a) each adult appearing in the photograph(s) has given her/his/their unrestricted written consent to the Sponsor to photograph them and to use and license their likeness, including licensing the photograph(s) to third parties, (b) the parent or guardian of each child under age 18 or each person who lacks legal capacity appearing in the photograph(s) has given unrestricted written consent to the Sponsor to photograph the child or individual and to use and license their likenesses, including licensing the photograph(s) to third parties, and (c) it is the copyright owner of the photograph(s) or that the copyright owner of the photograph(s) has given the Sponsor the right to license or sublicense the photograph(s) to Rotary.

16. Privacy is important to Rotary and any personal data that the Sponsor shares with Rotary will only be used for official Rotary business. The Sponsor should minimize the personal data of Grant beneficiaries that it shares with TRF to only personal data that TRF specifically requests. Personal data that is shared with TRF will be used to enable the Sponsor's participation in this Grant process, to facilitate the Sponsor's Grant experience and for reporting purposes. Personal data provided to TRF may be transferred to Rotary service providers (for example, affiliated entities) to assist Rotary in planning Grant-related activities. By applying for a grant, the Sponsor may receive information about the Grant and supplementary services via email. For further information about how Rotary uses personal data, please contact privacy@rotary.org. Personal data provided to TRF or collected on this form is subject to Rotary's Privacy Policy.

17. The Sponsors agree to share information on best practices when asked, and TRF may provide their contact information to other Rotary members who may wish advice on implementing similar activities.

18. The Sponsors will ensure that all individuals traveling on grant funds have been informed of the travel policies stated in the Terms and Conditions and have been made aware that they are responsible for obtaining travel insurance.

19. To the best of our knowledge and belief, all relationships between grant committee members, district officers, and other members of the sponsor clubs or districts and any scholarship recipients, cooperating

organizations, project vendors, or other individuals or organizations that will benefit from the grant have been disclosed in this application. Except as disclosed here, neither we nor any person with whom we have or had a personal or business relationship will benefit or intends to benefit from Rotary Foundation grant funds or have any interest that may represent a potential conflicting interest. A conflict of interest occurs when someone is in a position to make or influence a decision about a grant or scholarship that could benefit them, their family, their business, or an entity in which they serve in a paid or voluntary leadership or advisory position.

Primary contact authorizations

Global Grant Agreement - to be authorized by the primary contacts and club presidents (or DRFC chairs if district-sponsored)

This Global Grant Agreement (Agreement) is entered into by The Rotary Foundation of Rotary International (TRF) and the grant sponsors (Sponsors). In consideration of receiving this Rotary Foundation Global Grant (Grant) from TRF, the Sponsors agree that:

1. All information contained in this application is, to the best of our knowledge, true and accurate.

2. We have read the Terms and Conditions for Rotary Foundation Global Grants (Terms and Conditions) and will adhere to all policies therein.

3. The Sponsors shall defend, indemnify, and hold harmless Rotary International (RI) and TRF, including their respective directors, trustees, officers, committee members, employees, agents, associate foundations and representatives (collectively Rotary), from and against all claims, including but not limited to claims of subrogation, demands, actions, damages, losses, costs, liabilities, expenses (including reasonable attorney's fees and other legal expenses), awards, judgments, and fines asserted against or recovered from Rotary arising out of any act, conduct, omission, negligence, misconduct, or unlawful act (or act contrary to any applicable governmental order or regulation) resulting directly or indirectly from a Sponsor's and/or participant's involvement in grant-funded activities, including all travel related to the grant.

4. The failure of the parties to comply with the terms of this Agreement due to an act of God, strike, government regulation, war, fire, riot, civil unrest, hurricane, earthquake, or other natural disasters, acts of public enemies, curtailment of transportation facilities, political upheavals, civil disorders, outbreak of infectious disease or illness, acts of terrorism, or any similar cause beyond the control of the parties shall not be deemed a breach of this Agreement. In such an event, the Agreement shall be deemed terminated and the Sponsors shall refund to TRF all unexpended global grant funds within 30 days of termination.

5. TRF's entire responsibility is expressly limited to payment of the total financing amount. TRF does not assume any further responsibility in connection with this grant.

6. TRF reserves the right to cancel the grant and/or this Agreement without notice upon the failure of either or both of the Sponsors to abide by the terms set forth in this Agreement and the Terms and Conditions. Upon cancellation, TRF shall be entitled to a refund from the Sponsors of any global grant funds, including any interest earned, that have not been expended.

7. The laws of the State of Illinois, USA, without reference to its conflicts of laws principles, shall govern all matters arising out of or relating to this Agreement, including, without limitation, its interpretation, construction, performance, and enforcement.

8. Any legal action brought by either party against the other party arising out of or relating to this Agreement must be brought in either, the Circuit Court of Cook County, State of Illinois, USA or the Federal District Court for the Northern District of Illinois, USA. Each party consents to the exclusive jurisdiction of these courts, and their respective appellate courts for the purpose of such actions. Nothing herein prohibits a party that obtains a judgment in either of the designated courts from enforcing the judgment in any other court. Notwithstanding the foregoing, TRF may also bring legal action against Sponsors and/or individuals traveling on grant funds in any court with jurisdiction over them.

9. This Agreement binds and benefits the parties and their respective administrators, legal representatives, and permitted successors and assigns.

10. If any provision of this Agreement is determined to be illegal, invalid or unenforceable, the remaining provisions of this Agreement shall remain in full force and effect.

11. Sponsors may not assign any of their rights under this Agreement except with the prior written consent of TRF. Sponsors may not delegate any performance under this Agreement without the prior written consent of TRF. Any purported assignment of a Sponsor's rights or delegation of performance without TRF's prior written consent is void.

12. TRF may assign some or all of its rights under this Agreement to an associate foundation of TRF. TRF may delegate any performance under this Agreement to an associate foundation. Any other purported assignment of TRF's rights or delegation of performance without the Sponsors' prior written consent is void.

13. Sponsors will comply with all economic and trade sanctions, including those implemented by the Office of Foreign Assets Control (OFAC) of the United States Department of Treasury, and will ensure that they do not support or promote violence, terrorist activity or related training, or money laundering.

14. This Agreement constitutes the final agreement between the parties. No amendment or waiver of any provision of this Agreement shall be effective unless it is in the form of a writing signed by the parties.

15. Rotary may use information contained in this application and subsequent reports for promotional purposes, such as in Rotary magazine, in Rotary Leader, on rotary.org and on social media. For any and all photographs submitted with any application or follow-up report, the Sponsor hereby grants to Rotary an unlimited, perpetual, worldwide right and license to use, modify, adapt, publish, and distribute the photograph(s) in any media now known or hereafter devised, including but not limited to, in Rotary publications, advertisements, and Websites and on social media channels. The Sponsor represents and warrants that (a) each adult appearing in the photograph(s) has given her/his/their unrestricted written consent to the Sponsor to photograph them and to use and license their likeness, including licensing the photograph(s) to third parties, (b) the parent or guardian of each child under age 18 or each person who lacks legal capacity appearing in the photograph(s) has given unrestricted written consent to the Sponsor to photograph the child or individual and to use and license their likenesses, including licensing the photograph(s) to third parties, and (c) it is the copyright owner of the photograph(s) or that the copyright owner of the photograph(s) has given the Sponsor the right to license or sublicense the photograph(s) to Rotary.

16. Privacy is important to Rotary and any personal data that the Sponsor shares with Rotary will only be used for official Rotary business. The Sponsor should minimize the personal data of Grant beneficiaries that it shares with TRF to only personal data that TRF specifically requests. Personal data that is shared with TRF will be used to enable the Sponsor's participation in this Grant process, to facilitate the Sponsor's Grant experience and for reporting purposes. Personal data provided to TRF may be transferred to Rotary service providers (for example, affiliated entities) to assist Rotary in planning Grant-related activities. By applying for a grant, the Sponsor may receive information about the Grant and supplementary services via email. For further information about how Rotary uses personal data, please contact privacy@rotary.org. Personal data provided to TRF or collected on this form is subject to Rotary's Privacy Policy.

17. The Sponsors agree to share information on best practices when asked, and TRF may provide their contact information to other Rotary members who may wish advice on implementing similar activities.

18. The Sponsors will ensure that all individuals traveling on grant funds have been informed of the travel policies stated in the Terms and Conditions and have been made aware that they are responsible for obtaining travel insurance.

19. To the best of our knowledge and belief, all relationships between grant committee members, district officers, and other members of the sponsor clubs or districts and any scholarship recipients, cooperating organizations, project vendors, or other individuals or organizations that will benefit from the grant have been disclosed in this application. Except as disclosed here, neither we nor any person with whom we have or had a

personal or business relationship will benefit or intends to benefit from Rotary Foundation grant funds or have any interest that may represent a potential conflicting interest. A conflict of interest occurs when someone is in a position to make or influence a decision about a grant or scholarship that could benefit them, their family, their business, or an entity in which they serve in a paid or voluntary leadership or advisory position.

District Rotary Foundation chair authorization

I hereby certify that this global grant application is complete, meets all Foundation guidelines, is eligible for funding, and that the sponsoring club and/or district is qualified.
