Thanks for everyone who had time to attend our district meeting.

Thanks also to the chairs of the committees, and to the other speakers.

It was nice to meet you in person, and see how enthusiastic the atmosphere was. A very good starting point.

At the time of writing, it has emerged that by region, the restrictions due to the pandemic may partly tighten. This has little to do with our activities. Especially after everyone has already received two vaccines.

Therefore, I am in favour of holding physical weekly meetings. Of course, there is always the opportunity to hold some meetings as hybrid meetings, where some members can attend remotely.

It should also be noted that this is a good for the economy of our meeting venues, and allows for activity continuity.

Also remember to exercise in nature, but remember the reflectors.

GOVERNOR'S MONTHLY LETTER

D1420 2021-2022, DG Raine Nikander, Southern Finland and Estonia

In-depth Rotary coaching continues

Our district In-depth Rotary coaching (Rotary Leadership Institute) is suitable for both only short-time Rotarians as well as experienced members who want to update and renew their vision of Rotary activities.

Diverse coaching program is in use around the world and the experiences are invariably positive. Several entities have already been implemented in our district and the feedback has been very good.

The training focuses on e.g. Rotarian principles, various activities, club activity development, and international cooperation. The events of the three separate coaching days are activating learning sessions implemented in a relaxed atmosphere.

There is also a very diverse training material, which is updated regularly. In addition, participants have a good opportunity to network with other clubs.
