

Cross-border cooperation for Saving the Baltic Sea

BASRAN Webinar on October 2nd, 2021, at 11.00-14.30 CET (at 12.00-14.30 EET)

BASRAN aims to establish a strong Rotarian intervention to improve state of the Baltic Sea and connect all Rotarians to a Joint Initiative to save the Baltic Sea.

You are most welcome to participate in BASRAN Webinar, October 2, 2021. Webinar focus on activities implemented in different countries round the Baltic Sea and we can learn from each other how to work for having state of the Baltic Sea improved.

KEYNOTE SPEAKERS

Alf Norkko is professor both in Helsinki University and a guest professor in Stockholm University, Baltic Sea Centre and leader of the Ecosystems and Environment Research Program.

Urmas Lips is professor at the Tallinn University of Technology, Institute of Marine Systems. He has served also as the HELCOM vice chair during the Estonian presidency 2014-2016 and has chaired the Baltic Operational Oceanographic System BOOS.

Briggen Tre Kronor is one of the key non-governmental organisations to fight for saving the Baltic Sea in Sweden. **Anders Mannesten** tells how they do their campaigns.

SHOWCASE PROJECTS

Several show-case projects will be presented from Finland, Sweden, Poland, Germany and Russia.

MEMBER MEETING

After the Webinar there will be BASRAN Member Meeting at 14.00 CET (15.00 EET). In the meeting we will discuss present situation and future plans in BASRAN.
